24th HIMACHAL PRADESH STATE CHILDREN'S SCIENCE CONGRESS-2016

Introduction

The HP State Council for Science, Technology & Environment (HPSCST&E) is promoting the scientific and technological innovations among the school children in the State so as to bring out the hidden talent in the young minds. To achieve this objective, Vigyan Melas (Science fairs/ Competitions) for school children have been organised since 1998.

The National Council of Science, Technology & Communication (NCSTC), Department of Science & technology (DST), Government of India and NCSTC-Network, in the recent years, introduced the concept of Children Science Congress that is being held at National Level. In the year 1993 *Vigyan Mela* programme was restructured & renamed as Bal Vigyan Sammelan or **Children's Science Congress**.

The programme is organized in collaboration with NCSTC, DST, NCSTC-Network, Sarv Shiksha Abhiyaan, Department of Education, Himachal Pradesh and Rashtriya Vigyan Evam Prodyogiki Sanchar Parishad, Department of Science & Technology, Govt. of India, New Delhi for the students studying in 6th-12th classes. It provides forum for the children between 10-17 years of age to undertake study in their locality applying the methods of science under the prescribed theme.

The outcome of the study is presented through project reports along with posters at different levels of CSC. In this programme, emphasis is laid on learning by doing and on field projects to be undertaken by children under the guidance of teachers. The programme has been successful in creating interest in science among students & teachers. Up to District level, the programme is organized by the Department of Education, through Deputy Director (Education), Science Supervisors/Science consultants as per the programme guidelines. However, the students are selected for National Level CSC at State Level Science Congress.

The 24th HP Children's Science Congress -2016 has been organised at Sub-division, District and State level as per the schedule finalized during the meeting of District Coordinators held on 22nd July, 2016 in the office of SCST&E. This year Himachal Pradesh Children Science Congress was organised by SCST&E in collaboration with RAA, SSA, Department of Education and NCSTC, GOI.
