

Trainings through EDUSAT

Preservice student practicing Yoga

Teachers attending VITAL program

“We found the classes telecasted through EDUSAT (Educational Satellite) are very much interesting and useful to us. It provides us learning outside the textbook related to our course topics as well as extracurricular activities. It makes the classroom lively”. – D.El.Ed students on DIET, Tuticorin.

“EDUSAT reduces the burden of travel to attend training. The interactive classes give us a great chance to clarify our doubts and even provide us an opportunity to express our ideas.” – Teachers at Tirunelveli district.

SCERT has provided various educational programs through EDUSAT Video conferencing mode at 58 terminals covering all the 32 districts.

Every month EDUSAT programs are organized for 15 days of 3 hours duration each. The pre-service students of DIETs were benefitted by the various programs such as Yoga, Child Rights, Value Integrated Teaching and Learning (VITAL), Life Skills, Personality Development, Pre-service teacher education, Communication skills in English, Image Recognition Application Technology (IRAT), Disaster Managements, Weekly Iron Folic Acid Supplementation (WIFS), Preparation of Continuous and Comprehension Evaluation (CCE) Worksheets and soft skills. 1700 teacher trainees were benefitted through this program in distant mode.

Training on Disaster Management was given to teacher trainees and school students with the help of Disaster Management and Rehabilitation Department. Through this training 1700 Diploma in Elementary Education (D.El.Ed.) students got benefitted.

Further, officials of SCERT review the branch wise functions of DIETs and provide suggestions for strengthening and improving their performance.

The SSA provides information and training for the benefit of resource persons and reviews through EDUSAT. 2500 student-teachers of DIETs, 160 Lecturers, Block Resource Teacher Educators and Teachers were benefitted through this program.
