

Value Integrated Teaching and Learning (VITAL):

Students of class VIII, GGHSS, Krishnagiri, Tamil Nadu in VITAL classroom.

“We are very happy to attend VITAL classes which give us moral education. We interact with our teachers which makes our classroom livelier. In our day-to-day life we observe things around us, and learn how to handle people and situations with emotional balance. We learn to develop a harmonious relationship between our peers”

This is the fruit of VITAL education all over Tamil Nadu.

To improve the quality of education, SCERT organized the Value Integrated Teaching and Learning (VITAL) training for teachers handling classes 6th to 10th in Government and Government Aided, Middle, High and Higher Secondary schools. SCERT identified nearly 100 values and integrated them with the content to teach the students and apply them in their real-life situations. The training was organized for the 40,000 teachers working in 10,000 Middle schools and 8700 High and Higher Secondary schools. Through this training, 45 lakh students got directly benefitted.

DIET faculty members are involved in monitoring the activities going through VITAL classes. Observation is recorded in format prepared for this monitoring. Consolidation of reports are submitted to SCERT every month for review.

Procedure of VITAL:

1. To improve the quality of education, SCERT organized the Value Integrated Teaching and Learning (VITAL) training for teachers handling classes 6th to 10th in Government and Government Aided, Middle, High and Higher Secondary Schools. SCERT identified nearly 100 values and integrated them in the curriculum to teach the students these values and applying them in their real-life situations.
2. Training teachers handle Value education in schools from 6th to 10th standard.
3. Each DIET faculty member visit the schools in their respective district and monitor the classes, record the outcome and send them out to SCERT for review.
